

Standard Test and Turn-Up

Test and Turn Up is required to activate the service and make it operational for use. Your responsibility for Test and Turn Up is to ensure your equipment is installed and configured. Additionally, your technical support will need to be available throughout the activation process.

To schedule an appointment with an AT&T Test and Turn-up Engineer, please call 1-855-263-7647.

The hours of operation are Monday – Friday, 8AM – 8PM ET.
